

Lang zal je leven (Geburtstagslied)

A screenshot of the Logic Pro X application window. The top menu bar includes 'File', 'Edit', 'View', 'Project', 'Region', 'Automation', 'Performance', 'MIDI', 'Audio', 'Effect', 'Instrument', 'Utilities', 'Help', and a 'Logic Pro' logo. Below the menu is a toolbar with icons for Undo, Redo, Cut, Copy, Paste, Delete, Find, Replace, and others. The main workspace shows a track list on the left with tracks for 'Arrangements', 'Material', 'Clips', 'Klavierband', 'Aussprache', 'Playback', and 'Audio'. Each track has its volume fader and solo/pan controls. A large central area displays a digital audio workstation (DAW) timeline with multiple tracks of audio and MIDI data. The bottom of the screen shows transport controls for play, stop, and volume.

Traditionell (Niederlande)
