With our continuously growing range of digital sheet music, you can provide your customers with a **fast, comfortable, and modern service**.

You have the choice of whether you provide your customers with a **download link by e-mail**, transfer the digital edition with a data carrier (such as a flash drive), or print out the sheet music for your customers directly in your store.

The handling is also convenient and easy, as you only need to have access to the IDNV to be able to order the digital Carus editions.

The ordering process is so fast that you will have the digital editions available as a file in minutes.

For orders of digital editions through IDNV / AODP, you will receive an attractive cost-covering **trade discount**.

By the way, we've intentionally opted for IDNV, a collaborative industry solution from the **German Music Publishers Association (DMV)**, for our digital sales.

This choice ensures a transparent, well-established, and **effective solution** that benefits everyone involved in the market.
